Henrietta Collection

Designed to bring a fresh, inviting energy to any interior, the Henrietta collection is a range of print, woven and embroidered fabrics that are versatile and effortless to use across residential and commercial spaces. Each design has its own personality while harmonising beautifully with the rest of the collection.

Clover, with its hand-painted motif printed on a soft cotton linen, evokes a gentle, organic feel. Pippa introduces a timeless woven pinstripe in recycled polyester, combining durability with understated elegance. Addison offers clean, embroidered stripes that layer seamlessly with other patterns. Kamilla and Edie bring the collection to life with botanical-inspired embroidery – Kamilla highlighting delicate floral details, and Edie, a modern interpretation of a leafy trellis motif.

Fresh, versatile, and easy-to-use, the Henrietta collection co-ordinates naturally across interiors, making it ideal for projects that demand style, practicality, and a touch of nature-inspired elegance. The colour palette balances earthy and organic tones – olive, cumin, paprika – alongside deeper shades like navy and denim, creating interiors that feel both grounded and vibrant.

Please ensure samples are obtained before any orders are placed to ensure complete satisfaction.

Although we diligently work to represent fabrics within the digital brochure, we cannot guarantee a 100% representation of the materials due to variable viewing conditions across screens. The digital brochure should be used as an additional selling tool and never as a replacement for the physical fabric book.
