Lunar Collection

Building on the success of the original Lina Weaves collection, Vol 2 introduces a versatile range of easy-to-use designs created for both upholstery and drapery.

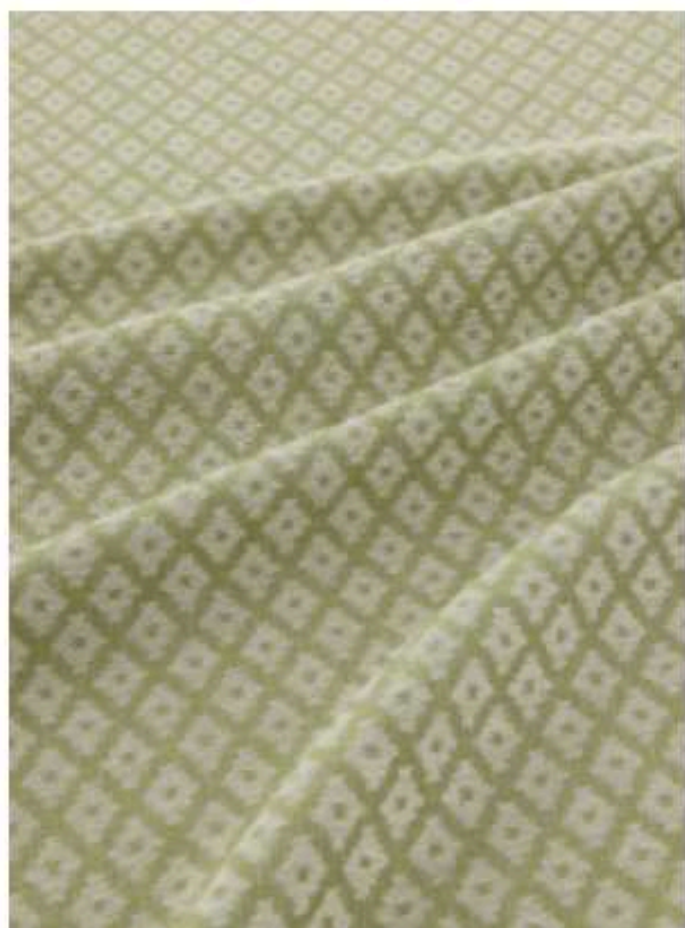

Combining texture, understated pattern and durable qualities, the collection is designed to suit a wide range of interior settings with a timeless, effortless appeal.

A balanced palette of earthy olive and forest tones sit alongside softer shades of seafoam and blush, while richer accents of ochre, copper and indigo add warmth and depth.

Designed to work effortlessly together, the collection blends tactile woven textures with geometric details and organic influences. Saffie, a classic stripe and Drew, a modern check bring a structured feel to the range, while

Anya introduces subtle pattern through its small-scale diamond design. Lulu's bold two-colour chevron creates a stronger statement within the collection, contrasted by the softer texture of Hetty and the relaxed, trailing leaf of Tilda. With the designs reaching up to 50,000 rubs, Lina Weaves Vol 2 is the perfect choice for contract and residential interiors.
