THE ART OF *Handcrafted*

A LIVING TRADITION

For over 100 years, a family-owned mill in Japan has practiced the ancient art of leafing. Artisans hand place metallic leaf using hashi - or chopsticks - to create works of art.

AN ENDURING GLOW

Handcrafted by artisans, the grounds are carefully prepared and cured to become the perfect palette for leafing. Once leafed, the rich, reflective surface is artistically distressed to create a unique texture with timeless elegance and enduring beauty.

ONLY PHILLIP JEFFRIES

Authentic leafing is backed and coated to ensure our wallcoverings are as durable and flexible as they are beautiful. Sealed with a resin finish, all styles are wipeable and resistant to rusting and oxidizing. Need it by tomorrow? Many of our metallic leaf collections are in stock and available for same-day shipping.
