LUX

THE LUX COLLECTION IS A DISPLAY OF GREAT RICHNESS AND SPLENDOR AIMED AT SATISFYING THE AMBITION AND VANITY OF THOSE WHO LOOK BEYOND BORDERS.

FROM BOTH A GRAPHIC AND MATERIAL STANDPOINT, LUX TAKES CENTER STAGE IN BRINGING WALLS TO LIFE WITH VIBRANCY. UTILIZING CUTTING-EDGE TECHNOLOGY ALLOWS FOR THE APPRECIATION OF TRANSFORMATIONS AKIN TO THOSE FOUND IN NATURE, WHERE ONE ENCOUNTERS STUNNING DISPLAYS OF COLOR.

The majority of Lux collection patterns are generously sized and arranged randomly, a concept that allows the decorative pattern to be seamlessly perceived as a cohesive whole without any visible joins, giving the impression that the decoration was applied directly onto the wall. The bold color choices facilitate the creation of architectural environments that leave a powerful impression.
