INDOOR OUTDOOR FABRICS

UNCOVER ZOFFANY X MICHAEL S. SMITH INDOOR OUTDOOR FABRICS, A CURATED COLLECTION CREATED IN COLLABORATION WITH INTERNATIONALLY RENOWNED INTERIOR DESIGNER AND TASTEMAKER, MICHAEL S. SMITH

Spanning printed textiles, weaves, stripes and semi-plains, Zoffany x Michael S. Smith Indoor Outdoor Fabrics merges archival influences, exquisite design and performance – resulting in a range of fabrics that's elegantly cohesive and engineered for indoor and outdoor living.

In a uniquely evolved interpretation of historical designs, Zoffany's rich archives were opened for exploration. The documents within, some dating back to the 18th century, revealed captivating narratives that became the blueprint for the collection.

With his discerning eye for exquisite interiors, Michael hand-selected archival pieces, breathing new life into them to present a thoughtfully curated collection. The outcome is a seamless harmony of texture, pattern, and palette that combines enduring fabric with an archival essence.

Crafted to stand the test of time, this collection is intended to transition between indoor and outdoor spaces – redefining the expectations for outdoor and performance décor.

DESIGNED AND PRINTED IN ENGLAND

zoffany.design | @zoffanyfw

DESIGNED FOR INDOOR OUTDOOR LIVING

Zoffany x Michael S. Smith Indoor Outdoor Fabrics is designed for versatile use across both interior and exterior spaces. To support this dual purpose, every fabric in the collection is finished with a C0 fluorine-free treatment, chosen for its dependable stain and water-repellent performance as well as its alignment with today's PFAS-free standards and global environmental regulations.

"I have long found that there is a missing component in the interiors offering; I've always loved vintage fabric and the patina of its prints... but it doesn't last. This collection combines two things that I love: technical design and the ability to print indoor and outdoor fabric in a way that recalls vintage fabric, has a sense of history to it, but also endures."

"The palette was important. We used colours that sit beautifully inside and look beautiful in outdoor light – anywhere in the world. We chose colours that sit well with other colours and other textures. Coordination is everything."

Michael S. Smith.

FILIGREE BELLAGIO STRIPE

Filigree Bellagio Stripe is a reinterpretation of a French cotton resist fabric from the 18th century. Woven with multiple coloured yarns in the weft for movement and texture, it features dense striations that serve as a backdrop for the opulent filigree that radiates in every direction. Offered in six colourways, it pairs and layers effortlessly with the collection's Bellagio Stripe due to the fabrics' shared scale and colours.

BELLAGIO STRIPE

A reworking of a French cotton indigo resist fabric from the 18th century, Bellagio Stripe has been woven with multiple colours in the weft, resulting in a horizontal stripe effect with beautiful depth of movement. Offered in six colourways, it was designed as a companion to the Filigree Bellagio Stripe due to the fabrics' shared scale and colours.

LILY STRIPE

One of Michael S. Smith's favourites, the design is offered in five different colourways, two of which – Archive Green and Archive Coral – are lifted directly from our storied archives. The pattern features lilies of the valley artfully arranged in a stripe-effect motif and was inspired by the print mark from the reverse of the original cloth. It embodies the essence of the collection: an archival design reimagined on performance-led fabric chosen for its texture and soft handle, engineered to elevate indoor schemes and withstand outdoor use. It's printed on a textured outdoor fabric selected for its finish and handle.

VERANDA STRIÈ

Striè is an elegant, traditional fabric synonymous with Zoffany collections, and Veranda Striè is an elevated, performance-led version crafted from solution-dyed acrylic. A plain with character, it's woven with texture for added visual interest, and – like all plains in Zoffany x Michael S. Smith Indoor Outdoor Fabrics – has been designed to complement the prints and stripes within the collection.

THORNY VINE

Thorny Vine is inspired by an archival document from the 19th century that depicts a dark-green trail of roses on a stark white background. It was hand-picked for its striking block-print texture and artfully unbalanced composition – elements that shaped the new interpretation. A custom palette breathes new life into the original design, replacing dramatic contrasts with softer, tonal shades to create a highly complementary fabric. Of the four colourways available, Silk Yellow is Michael's favourite, capturing the collection's archival essence. Designed to transition seamlessly between indoor and outdoor spaces, it's printed on a textured, performance-led fabric specially selected for its refined finish and tactile handle.

KYOTO STRIPE

Informed by a fine, silk Japanese document from Michael S. Smith's own archives, Kyoto Stripe is characterised by a contemporary essence. It's woven with tonal threads in the weft for added visual interest and features a vertical stripe pattern that's artfully interrupted by intersecting lines with a stylised floral pattern.

WINTER GARDEN

Elegantly reflecting the theme of the Zoffany x Michael S. Smith Indoor Outdoor Fabrics collection, this design – originally inspired by an 18th-century French silk chiné floral stripe from our archives, has been repainted to honour its storied origins while offering a fresh, contemporary aesthetic. Available in two colourways, Winter Garden captures the beauty and movement of colour and strokes, and has been printed on outdoor fabric with special attention to texture and handle.

AZALEA PATH

Azalea Path is an all-over floral design drawn from a French chintz that entered Zoffany's archives in the early 1900s. Chosen for its distinctive colour technique, the reverse of the original document – made striking by the ink pushed through during block printing – caught Michael's eye and served as the main source of inspiration. To honour and capture this beauty, the back of Azalea Path has been engraved, lending it an authentic, lived-in character that recalls the original printing process and its subtly unbalanced aesthetic. Available in two colourways, including one directly lifted from the archives, the design is printed on a textured outdoor fabric selected for its finish and handle.

ANIMATING THE WINTER GARDEN

Cascading foliage, abundant florals, and daylit windows of Cecil Beaton's famed Winter Garden set the stage for Zoffany x Michael S. Smith Indoor Outdoor Fabrics. Influential fashion journalist and interiors authority Hamish Bowles brought his inimitable presence to the storied conservatory, posing alongside standout designs from the collaboration while an unexpected scene-stealer, Stella the pug, made her modelling debut. The scene echoes Beaton and his pug, Simba, photographed in the very same setting in the 1960s – an image that Michael sought to recreate.

Draped from the ceiling and wrapped around furniture specially selected by the American interior designer, fabrics infused the glasshouse with archival resonance and confidently coordinated colour. Redefining outdoor décor, the collection marries Zoffany's technical mastery with Michael's discerning eye to deliver durable, performance-led textiles designed to thrive indoors or out, in modern or heritage spaces alike.

ABOUT ZOFFANY

Inspired by cultural history, Zoffany provides architects and interior designers with a wide range of high-quality wallcoverings and woven, printed, and embroidered fabrics. Founded during the restoration of Temple Newsam, an English Jacobean estate, home to treasures dating back to the 17th century, Zoffany archived and restored these lost creations, breathing new life into historic designs.

Today, Zoffany partners with the world's finest artisans, producing collections that exceed expectations in a luxurious and globally attuned manner. Wonderful archive documents, repurposed and given a new lease of life, sit alongside beautiful original pieces produced on incredible elevated substrates. A richly pigmented paint range completes the Zoffany portfolio, ensuring the brand remains the go-to resource for interior designers.

ABOUT MICHAEL S. SMITH

Michael S. Smith is one of the most sought-after talents in the design industry today. With an international roster of high-profile residential, hospitality, and commercial clients, he is known for an effortless blend of all-American modernism and European classicism – always fresh, always surprising, always evolving.

A California native, Smith studied interior architecture at Otis College of Art and Design in Los Angeles, followed by graduate work at the Victoria and Albert Museum Study Centre in London. He has received numerous accolades throughout his career, including being continuously named to the AD100 and Elle Decor's A-List, and he was recently inducted into the AD100 Hall of Fame. The Hispanic Society of America honored Smith and his partner, James Costos, the former ambassador to Spain and Andorra, with the organisation's Sorolla Medal in recognition of their extraordinary support of Spanish art and culture. Smith was also the 2018 recipient of the distinguished Arthur Ross Award for Excellence in the Field of Interior Design from the Institute of Classical Architecture & Art. x` design of the private quarters of the White House, as well as the refurbishment of some of its State Rooms, and their focus on showcasing works by a diverse group of artists and artisans was both groundbreaking and highly acclaimed. In 2010, Smith was appointed by President Obama to the Committee for the Preservation of the White House, and he was an advisor on the official Obama presidential portraits for the National Portrait Gallery and the White House. He now serves as Special Design and Art Consultant for the Obama Presidential Center in Chicago.

Smith's extensive Jasper collection of fabric, wall coverings, furniture, and accessories and his Templeton line of fabrics are available at his showrooms in L.A. and Madrid and in multiline showrooms across America. In addition, he has created licensed designs for firms including Baker, De Gournay, Hartmann & Forbes, and Kohler.

Smith has published seven books with Rizzoli. His most recent, Classic By Design, was published in September 2024.

The designer is also known for his work in the hospitality sector, including Santa Monica's Shutters on the Beach hotel and New York City's Lowell hotel and its Majorelle restaurant, as well as public rooms in the historic Pierre Hotel.
